Education

- Ph.D., Economics, Northwestern University, 2004-2009
- M.A., Economics, National Taiwan University, Taiwan, 2000-2002
- B.B.A., Accounting, National Taiwan University, Taiwan, 1996-2000

Employment

Assistant Professor of Economics, National University of Singapore, 2009-present

Research

Published Papers

1. "A structure theorem for rationalizability in the normal form of dynamic games," forthcoming, *Games and Economic Behavior*.
2. "Note on unawareness: Negative Introspection versus AU Introspection (and KU Introspection)," (with J.C. Ely and X. Luo), *International Journal of Game Theory*, forthcoming.
3. "An indistinguishability result on rationalizability under general preferences," (with X. Luo), *Economic Theory*, forthcoming.
4. "The genericity of beliefs-determine-preferences models revisited," (with S. Xiong), *Journal of Economic Theory* 146 (2011), 751–761.
5. "Uniform topologies on types," (with A. Di Tillio, E. Faingold, and S. Xiong), *Theoretical Economics* 5 (2010), 445–478.
6. "Universality of the Epstein-Wang type structure," *Games and Economic Behavior* 68 (2010), 389–402.
7. "'Topologies on types': correction," (with S. Xiong), *Theoretical Economics* 3 (2008), 283–285.
8. "Delay in a bargaining game with contracts," (with X. Luo), *Theory and Decision* 65 (2008), 339–353.
9. "Iterated strict dominance in general games," (with N.V. Long and X. Luo), *Games and Economic Behavior* 61 (2007), 299–315.

Submitted Papers

1. "Belief operator in a universal space," (with X. Luo).
2. "The e-mail game phenomenon," (with S. Xiong).
3. "Genericity and robustness of full surplus extraction," (with S. Xiong), R&R, *Econometrica*.

Working Papers

1. "A universal type space for dynamic games."
2. "The strategic impact of higher-order beliefs," (with A. Di Tillio, E. Faingold, and S. Xiong).
3. "(Surely) agreeing to agree," (with E. Lehrer, J. Li, D. Samet, and E. Shmaya).
4. "A unified approach to information, knowledge, and stability," (with X. Luo).
5. "Rationalizability in general situations," (with X. Luo and C. Qu).
6. "Wilson's doctrine and Wilson's core," (with Y. Sun).
7. "Operational measure of riskiness revisited," (with J.R.D. Tee).
8. "Robust selection of rationalizability," (with S. Xiong).

Awards and Grants

2011 NUS Faculty of Arts and Social Sciences Teaching Excellence Award
 2010 NUS Faculty of Arts and Social Sciences Award of Promising Researcher: SGD 5,000
 2009 NUS Start-up Research Grant: SGD 45,000

Invitations, Conferences, and Service

Invited talks

2012: Hitotsubashi GCOE Conference, University of Tokyo, Shanghai University of Finance and Economics
 2011 Chinese University of Hong Kong
 2010 Kyoto University, Rice University, University of Tokyo
 2009 Academia Sinica, National University of Singapore

Conference Presentations

2011 Singapore Economic Review Conference, Singapore
 2011 11th SAET Conference, Faro, Portugal
 2010 Econometric Society World Congress, Shanghai
 2010 10th SAET Conference, Singapore
 2010 Midwest Economic Theory Conference, Evanston, IL
 2010 AEI-Four Joint Workshop on Current Issues in Economic Theory, Kyoto, Japan
 2007 18th International Conference on Game Theory, Stony Brook, NY
 2006 Taipei Conference on Economic Theory and Applications, Taipei
 2005 Second Pan-Pacific Conference on Game Theory, Taipei
 2005 Midwest Economic Theory Conference, Lawrence, KS
 2004 Far Eastern Meeting of the Econometric Society, Seoul
 2004 Taipei Workshop on Game Theory & Economic Theory, Taipei
 2002 Conference on "Stochastic Methods in Decision and Game Theory, with Applications," Erice, Italy

Reviewer for Journals

Econometrica, Games and Economic Behavior, International Journal of Game Theory, Journal of Economic Theory, Journal of Mathematical Economics, Mathematical Social Science, Mathematics of Operations Research, Singapore Economic Review, Theoretical Economics
